

“BEING WATER WISE IS...”

2027 ART CONTEST

Entry categories: K-2nd, 3rd-5th, 6th-8th, 9th-12th grades

2027 MWD Student Art Calendar Contest Theme is “Being Water Wise Is ...”

This year’s theme highlights the importance of using water wisely and efficiently—at home, at school, in the community, in business, agriculture, and recreation. Clean, reliable water is essential to public health, and as climate change puts increasing pressure on Southern California’s water supplies, it’s more important than ever to conserve. Students are encouraged to illustrate the importance of conserving water and being responsible stewards of this vital resource.
